

# WHAT'S IN IT FOR B.C.?

A SPECIAL SERIES ON LIQUEFIED NATURAL GAS

LNG could provide thousands of jobs and billions in revenue for decades to come.

Here's what a mid-size LNG plant could mean to B.C.

**400**

Operating jobs

**4,500**

Construction jobs

**\$3 billion**

On goods and services in B.C. during construction

**\$4 billion+**

Addition to B.C.'s GDP during construction

The industry will contribute hundreds of millions of dollars in taxes to help pay for health care, roads, education and social services.

From construction workers and plant operators in the North to suppliers and support service providers in the Lower Mainland, the positive economic impact of a successful LNG industry will be felt across the province and Canada. LNG: There's a lot in it for B.C.

The BC LNG Alliance is the voice of British Columbia's new LNG export industry. Our mission is to foster the growth of a safe, environmentally responsible and globally competitive LNG industry in British Columbia and Canada.
