

LNG: A GROWING GLOBAL TREND

A SPECIAL SERIES ON LIQUEFIED NATURAL GAS

Existing and proposed LNG industries around the world are attracting investment, creating jobs and generating tax revenue.

Around the world, the LNG industry is attracting investment, creating jobs and generating new tax revenue to meet the growing demand for natural gas. By 2040, according to the International Energy Agency, natural gas is expected to provide 25 per cent of the world's energy needs. Many countries have already recognized the economic benefits of exporting LNG to supply the demand and are moving to develop new LNG facilities. B.C. is ready to join them.

The BC LNG Alliance is the voice of British Columbia's new LNG export industry. Our mission is to foster the growth of a safe, environmentally responsible and globally competitive LNG industry in British Columbia and Canada.
